OF

## Cookeville, Putnam County and all Surrounding Country

**This is an Extraordinary Effort on Our Part to Make the Year 1911  
a Record Breaker for Increased Business**

We know from all our years of experience that the **QUALITY** and the **PRICE** are the things that bring trade, and we believe that you will find both of these important factors in every line of our business.

Is it not reasonable that you can buy goods cheaper from those who buy in large quantities, and buy almost everything direct from the manufacturers and in carload lots, than you can from those who buy in smaller quantities?

You can find most everything for the **HOME** or the **FARM** in our stores, and this not only saves you time and trouble, but also saves you money.
